

# RAMRASAI MARMA

ELECTRICAL & ELECTRONIC ENGINEER |  
RESEARCHER | AUTOMATION ENGINEER

## CONTACT

- +8801609663992
- [ranjugobin@gmail.com](mailto:ranjugobin@gmail.com)
- House 135/A, Road 7, Hill View Housing Society, Nasirabad, Chattogram
- [linkedin.com/in/ramrasai-marma-eee/](https://www.linkedin.com/in/ramrasai-marma-eee/)
- <https://ramrasai.github.io/portfolio/>

## SKILLS

- Programmable Logic Controller (Siemens & Delta | Ladder Logic)
- Industrial Motor Controlling (DOL, Star-Delta, VFD)
- HMI Interfacing & Sensor Instrumentation
- Electrical Troubleshooting & Circuit Wiring
- Python | HTML | CSS
- Microcontroller & IoT (Arduino/JRC Board)
- Microsoft Office | Excel | Data Analysis | Data Visualization
- MATLAB | Simulink

## LANGUAGES

- Bangla (Fluent)
- English (Fluent)

## REFERENCE

**Sabuj Ahmed**

Assistant Professor & Head,  
Dept. of EEE | Barisal Engineering College, University of Dhaka  
Email : [sabujahmed.duengg@bec.edu.bd](mailto:sabujahmed.duengg@bec.edu.bd)

## PROFILE

“Dedicated Electrical & Electronic Engineer with hands-on expertise in industrial Automation, PLC programming (Siemens & Delta), HMI interfacing, VFD, and motor control circuits. Practical training background from BKTTC and TICI, complemented by IEEE-published research in smart microgrid control. Eager to leverage strong troubleshooting abilities and technical skills to optimize plant operations and automation processes.”

## PROJECTS & RESEARCH

**Research Author & Presenter** 4 DEC 2025 | IEEE PEEIACON  
Academic Research

- Authored the paper "Modeling and Controlling Dynamically Lead-Acid Battery Storage Integrated into a Hybrid Microgrid".

**Industrial Training** 2025 TICI, Narsingdi  
Industrial Automation & Control

- Completed hands-on training on Transformers, Motors, and Star-Delta operations.
- Gained practical experience in PLC Basics, Instrumentation, and Safety Procedures.
- Learned industrial troubleshooting and maintenance standards.

**PLC Automation Training (SICIP)** 2026 BKTTC  
Programmable Logic Controller 4 Months

- Hands-on experience in PLC programming and troubleshooting using **Siemens LOGO! & Delta**.
- Designed and wired industrial motor control circuits including **DOL, Star-Delta**, and **Forward-Reverse** using magnetic contactors, Times, Relays and requirements elements.
- Configured **VFD** parameters for motor speed regulation and integrated **HMI** with PLC for system monitoring and control.

## EDUCATION

**B.Sc. in Electrical & Electronic Engineering** 2026

Barisal Engineering College (University of Dhaka)

**CGPA: 2.74/4.0** 2019

**Higher Secondary Certificate (HSC)**

Rangamati Govt. College

**GPA: 2.75 / 5.0** 2016

**Secondary School Certificate (SSC)**

Tabal Chhari Kadam Toli High School

**GPA: 4.33 / 5.0**
